

PROPERTY TOURS

Sell Off-Plan with Confidence
AI-powered | White-label | Developer-focused

OUR VISION

Bringing **unbuilt spaces to life - before a single brick is laid.** Property Tours is **reimagining how off-plan** real estate is sold.

We believe **immersive, emotionally engaging digital experiences** are the future of property marketing and the key to **unlocking confident buyer decisions before construction even begins.**

Whether in London, Dubai, or Accra - we help developers tell the story of their future spaces with clarity, beauty, and precision.

WHAT IS PROPERTY TOURS?

AI-Powered Platform

Turn **floorplans** and **CAD files** into **fully interactive, staged 3D walkthroughs** - **before the property is built**. We do what Matterport does for built spaces, but for off-plan developments.

Developer Benefits

- Transform drawings into immersive digital experiences
- Let buyers explore and change layouts in real time
- Launch branded portals that convert interest into pre-sales
- Track buyer intent and sync it directly into your CRM
